

# Years 5 and 6

Over the coming weeks we will be sharing activities for you to complete at home on Microsoft Teams through Hwb. Teams is a fantastic way for us all to keep in touch during this period. It allows you to share documents, photos and videos to show the tasks that you have completed at home and you can also see what your friends have been doing. We have created an activities grid to give you an idea of the types of activities we will be sharing with you on Teams. If you don't have access to the internet at home, the activities grid is in this pack. You can complete activities at home and bring them to school with you when we return.

**Hwb**®

Every child has their own personal Hwb login details. If your child is unable to login to Hwb, please contact the school.

You can use Teams through Hwb or you can download the app and login with your Hwb details.

Twinkl have created lots of resources for children of all ages. We have uploaded many resources to the 'Files' on Teams. If you would like to download more resources you can use the code UKTWINKLHELPS to get free access to the website.

There will be a chance over the coming days for you to come to school to collect any resources you would like as paper copies. You can also collect reading books for your child.

**We would like to thank you all for your support during this time. We look forward to keeping in touch over Teams!**
