## Eryr ac Hebog

### Glan-Llyn

Aeth plant blwyddyn 5 i Lan-llyn wythnos diwethaf lle buon nhw wrth ei boddau yn yr awyr agored.

Cawsant nhw lawer o hwyl yn dringo wal ddringo a chwrs rhaffau uchel, adeiladu rafft a mynd yn y canŵ ar y llyn. Dysgasant nhw sut i greu tan a llosgi malws melys. Cawsant nhw hwyl yn nofio, cyfeiriannu a chael cystadleuaeth saethyddiaeth.

Ymdrechodd pob un ohonyn nhw i siarad Cymraeg gyda staff Ysgol Bro Alun a Glan-llyn! Da iawn chi blwyddyn 5.

### Pont ar Fynach

Tymor yma rydym wedi bod yn dysgu chwedl Cymraeg Pont ar Fynach. I helpu nhw dysgu'r chwedl meddyliodd y plant am symudiadau creadigol sydd wedi helpu i ailadrodd y stori.

Yn y pendraw bydd y plant yn ysgrifennu chwedl ei hunain am sut gafodd Pontcysyllte ei hadeiladu.

### Twrn maint Pel-droed yr Urdd i flwyddyn 6.

### Thema - Ein Milltir Sgwar

#### Peirianeg

Hanner tymor yma rydym wedi bod yn canolbwyntio ar beirianeg, yn enwedig peirianeg leol o gwmpas Wrecsam.

Mae'r plant wedi bod yn brysur yn ymchwilio a dysgu am Draphont Pontcysyllte. Rydym hefyd wedi dylunio stondinau ein hunain, ar ôl cael ein sbarduno gan y stondin newydd y Kop yn y Cae Ras. Mae'r plant hefyd wedi dysgu pa siapiau a deunyddiau yw'r cryfaf sydd wedi helpu nhw i feddwl a datrys problemau fel peirianwyr.

## Glan-Llyn

Year 5 children went to Glan-llyn last week, where they absolutely loved being in the great outdoors. They had a lot of fun climbing a climbing wall and a high ropes course, building a raft, and canoeing on the lake.

They learnt how to build a fire and toasted marshmallows. They had lots of fun swimming, orienteering and taking part in an archery competition.

Everyone made a fantastic effort to speak Welsh with Ysgol Bro Alun staff and Glan-Llyn staff. Da iawn chi blwyddyn 5.

## Devils Bridge

This term, our pupils have loved exploring the traditional tale of Devil's Bridge. To bring the story to life, the children mapped out the plot on their own story maps and invented creative actions to retell the story.

Eventually the children will write their own story on how Pontcysyllte was built!

## Year 6 Urdd Football Tournament!

## Theme- Our Square Mile

### Engineering-

This half term, we have been focusing on engineering, with a particular emphasis on local engineering around Wrexham. The children have been busy researching and learning all about the Pontcysyllte Aqueduct. We have also looked at designing our own stands, inspired by the new Kop stand being built at Wrexham AFC's stadium. The children have developed a great understanding of the strongest shapes and materials, helping them think and problem-solve just like real engineers.
